

## CLAIMS

What is claimed is:

1. A method for treating herpes simplex virus comprising the steps of:
  - 5 providing an antifungal medication; and
  - applying the antifungal medication onto the infected area, thereby preventing further inflammation and spreading of the virus.
- 10 2. The method of Claim 1 wherein the herpes simplex virus is herpes simplex virus type one.
3. The method of Claim 1 wherein the herpes simplex virus is herpes simplex virus type two.
4. The method of Claim 1 wherein the antifungal medication is in a substantially cream form.
- 15 5. The method of Claim 1 wherein the antifungal medication is in a substantially liquid form.
6. The method of Claim 1 wherein the antifungal medication is an amalgam of a substantially cream form and a substantially liquid form.
- 20 7. The method of Claim 1 wherein the antifungal medication is terbinafine hydrochloride.
8. The method of Claim 1 wherein the antifungal medication is LAMISIL<sup>AT</sup>.

9. The method of Claim 1 wherein the infected area is a cold sore.
10. The method of Claim 1 wherein the infected area is an individual's genital region.
- 5 11. The method of Claim 1 wherein the step of applying the antifungal medication further comprises the step of spreading the antifungal medication onto the infected area with one of an applicator and a cotton swab.
12. The method of Claim 6 wherein the amalgam is available  
10 in a predetermined quantity.
13. A method for treating a fungal pimple comprising the steps of:
- softening the fungal pimple; and
  - applying antifungal medication to the fungal pimple.
- 15 14. The method of Claim 13 wherein the step of softening the fungal pimple further comprises the steps of:
- applying a softening agent to the fungal pimple;
  - waiting a predetermined amount of time; and
  - removing the softening agent.
- 20 15. The method of Claim 13 wherein the antifungal medication is in a substantially cream form.
16. The method of Claim 13 wherein the antifungal medication is in a substantially liquid form.

17. The method of Claim 13 wherein the antifungal medication is terbinafine hydrochloride.

18. The method of Claim 13 wherein the antifungal medication is LAMISIL<sup>AT</sup>.

5 19. The method of Claim 14 wherein the softening agent is one of water and petroleum jelly.

20. The method of Claim 14 wherein the predetermined amount of time is approximately fifteen minutes.
